Hello,

Welcome. The men and women of the Hopewell Township Police Department are truly honored and privileged to serve and protect this great community. As a law enforcement agency, we are committed to the philosophy of community-oriented policing, knowing that we cannot effectively provide law enforcement service to our community without trust from the citizens we serve.

Our vision and core values will continue to guide the members of our department as we strive to meet the values and expectations of this wonderful community. We also strive to always put the needs of the community first as we work together to build a relationship based upon mutual respect, dignity and trust. Our officers work every day to improve the quality of life for all our citizens, while faithfully performing their duties in accordance with the United States Constitution, the International Code of Police Ethics, and all federal, state and local laws. I am proud of the work that all members of this Department do on a daily basis. As the Chief of Police for the Township of Hopewell, I am committed to our core values, principles and goals, and I welcome open communications with residents, business owners, and other members of our community in an effort to better serve you.

Quotes From Sir Robert Peel:

"The Police are the Public; the Public are the Police" The Police are paid to give full time attention to duties that are incumbent upon every citizen in the interest of community welfare and existence."

Principle#9 From Sir Robert Peel;

To recognize always that the test of **police** efficiency is the absence of crime and disorder, and not the visible evidence of **police** action in dealing with them.
