Virginia Rozman, 3420 Durr Drive

Ms. Rozman indicated that the condition of the roadways within the Bradbury Plan is poor and they need paved. The Board of Commissioners and Engineer are aware of the condition of the roadways within the Bradbury Plan and all other Hopewell Township roadways.

Phyllis Schiavo, 3273 Bradbury Drive

Ms. Schiavo questioned the \$60.00 per quarter sewage bill that she receives for a property that she owns at 1944 Maratta Road that is currently vacant. Ms. Schiavo does not believe that she should pay a sewage bill for a property that is unoccupied. Engineer Hartman explained that water service is still connected, and that the \$60.00 bill reflects only the Base Rate and does not include any consumption. The Base Rate applies to all properties, whether occupied or unoccupied, and is used to pay fixed costs incurred by Hopewell Township that are not related to consumption, such as debt service, capital costs, etc.

Ms. Schiavo also complained that Zoning Officer John Bates is "scaring people away" from renting her property at 1944 Maratta Road because the property was previously used as a flower shop and the prospective renter may propose a use that is non-conforming with the current Zoning regulations. Engineer Hartman will investigate this matter with Zoning Officer John Bates.

Joseph and Margaret Dornick

Joseph and Margaret Dornick also complained about Shell and their contractors parking equipment and trucks at the Tin Mill site.

Joseph and Margaret Dornick both spoke in opposition to the number of trucks that are passing through Hopewell Township from State Route 51 to State Route 151 to Interstate 376. The Board of Commissioners and Engineer Hartman informed that these roadways are State Roadways and Hopewell Township has no jurisdiction concerning the size and number of trucks that utilizes these roadways.
